

# April Update

## **Activities committee:**

The Activities Committee would like to thank you for participating in our South American event, which went really well despite a few hiccups. We are starting a busy month with an International Careers Day on the 1<sup>st</sup> of May. Here, students of primarily political science will enjoy presentations from people representing various takes on an international career. On 4<sup>th</sup> of May, IP NU will host a Master Thesis Writing seminar in collaboration with the IR department. This event will be in English. Students will be given a chance to hear five professors present their research followed by an opportunity to pitch ideas for their own projects. Lastly, we have arranged an IP theory event on the 8<sup>th</sup> of May where five researchers will discuss theories using the case of the US as a unipolar power. The focus will particularly be placed on continuity and change in the US after the election of president Trump. We acknowledge that May is a busy month for everyone, but we still encourage everyone to join these exciting events!

## **HR Committee:**

HR was excited to see so many who came to the Friday bar. We hope you enjoyed the cold beer and company as much as we did. Our next social event is Game Night, which takes place May the 9<sup>th</sup> at Aarhus Brætspilscafe. We have to reserve tables, which is why we need to know how many of you would like to participate by Saturday, May 6<sup>th</sup>. Remember it cost 30 kr. to play. So gather your committee and come down by Aarhus Brætspilscafe. We hope to see you all. Last but not least, we are planning on this year's Summer-party, which will take place on May 19<sup>th</sup>.

## **Economy/Sponsorship Committee:**

Since last month there have been no significant changes in our organization's economy, which is still looking healthy and stable. 2 applications were sent during the last month, one of them still pending. As the initial budget for the career fair was slightly larger than our regular events, we went through some negotiations with our sponsor, which prolonged the application process, but at the end we have reached a desired outcome that we can all agree to. Finally, we sat down with Djøf to evaluate our partnership, which both parties seemed to have enjoyed so far.

## **Communication Committee:**

In the Communication Committee, we are doing the finishing touches on our flyers. We are also working with the idea of having a clearer organization message for IP-NU, which can be used for both the website, the Facebook page, and the flyers. We would like to brand ourselves more, which we will continue to work on.

## **Study Trip Committee:**

The Study Trip Committee continues its work with the travel agency, and we are currently waiting the last confirmation regarding our accommodation-situation. In addition, we are contacting trainees, interns, exchange student and regular employees at our destination-country, to make sure that you will have the most interesting trip! The Committee are working hard to make both an academic and educational trip, but we also want a trip with social activities and exciting experiences. We will be able to reveal our destination very soon! Remember to keep an eye on our Facebook-page, where a Facebook-event will be made with further information.
