

March Update

Activities Committee:

First of all, we would like to thank you for supporting the Proxy Wars event back in February. We were very impressed by the high turnout, especially considering that it was a theory-focused event. Although Marts has been a bit of a quiet month in Activities, the volunteer groups have worked hard on planning events for April and May. We going to have some busy months - starting with a panel debate on the status in the South American region. We are looking very much forward to this and hope to see all of you there!

HR Committee:

In regard to the HR Committee we hosted the Big Meeting last week and it went beyond expectations. The attendance of both new and old members was high and people seemed to enjoy themselves. Our next social event is on the 21th of April. Together we are going to Friday bar, Everybody is welcome! We are hoping to see just as many as to the Big meeting.

Economy/Sponsorship Committee:

As March has been a quiet month for IP-NU, not much has happened in the sponsorship committee, which means that the financial situation of the organization is still solid and healthy. We recently put the adjusted budget template to its first test when applying for funding for the South America event, and it worked out very much as hoped, making it a lot easier for the committee to finalize the application, and with a better more accurate description of the event for Djøf's website and the Facebook event.

At last, I would also like to take the chance to remind everyone that we must have the budget template for any given event at hand, no later than 4 weeks prior to the date on which it will be held, in order to secure funding.

We are looking forward to the next couple of months and the many interesting events coming up.

Communication Committee:

In the last month, the communication committee has updated the website, especially with information about the old boards and the new. At the moment, the communication committee is working on new and improved flyers about IP-NU. We are also looking into how to put the HR newsletter on the website.

Study trip Committee

The last month in the Study Trip Committee have been quite quiet because we've been mostly brainstorming destinations, cities and activities. The destination is decided for good, but it's still a secrete though, because we're working on being sure that's possible to go there.

Currently, we're working on finding the best and cheapest plane tickets and hostels/hotels, and trying to figure out what kind of visa we need to go there for one or two weeks. Next month we'll hopefully be able to give some more information.
